

The PLJW 129 is a wall range hood that will make a strong statement in your kitchen. Complete with a 900 or 1200 CFM dual blower, this powerful range hood can handle any task in the kitchen. You'll enjoy clean indoor air and keep the grease and grime off your kitchen surfaces and appliances. You can toggle the blower power between four different speeds for great flexibility in the kitchen! The stainless steel push button control panel is easily accessible in front of the hood. You can also turn on the LED lights that help you see your range top while cooking. The convenience doesn't end there. After about a month, toss your filters in the dishwasher to keep your hood running at maximum efficiency. The PLJW 129 under cabinet range hood has incredible power and it's easy to use. Purchase one today!
