

The PLFW 832 is a powerful wall mounted range hood. It is the perfect companion for your kitchen range. This wall mounted range hood boasts incredible power thanks to a 1000 CFM for the 30" or 2000 CFM dual blower. You won't see many range hoods on the market with this much power. With 2000 CFM, you can almost always use your hood on the lower speeds, which will dramatically increase its longevity.
